I study youth AI safety and privacy through empirical and legal-informed lenses. My research documents how K–12 schools and AI systems collect and use student data, where the law falls short, and what accountability looks like in practice. Finishing a CS PhD at UChicago (spring 2027) with a Master of Legal Studies from UChicago Law, I am looking for roles in policy, government, or industry research where that combination is directly useful.

## EDUCATION

**University of Chicago** — Chicago, IL
*Ph.D., Computer Science* (Advisor: Marshini Chetty) — *Expected Spring 2027*
*Master of Legal Studies*, Chicago Law, emphasis on privacy, copyright, & administrative law — *June 2024*
*M.S., Computer Science*, Thesis: Privacy Challenges in K–12 Schools — *June 2023*

**Swarthmore College** — Swarthmore, PA
*B.A., Computer Science*; Minors: Mathematics, Engineering — *May 2021*

## EXPERIENCE

**Research Intern** — *Fall 2024 – Spring 2025*
*Google (Supervisor: Sunny Consolvo)* — Remote

- Published study (*ACM CHI 2026*, premier HCI venue) on the emotional experience of online scam victimization and what intervention points exist for platform designers, fraud prevention teams, and consumer protection agencies.

**Lead Researcher: Children's Privacy & AI Safety** — *Fall 2021 – Present*
*University of Chicago* — Chicago, IL

- Documented systematic failures in how U.S. K–12 schools protect student data through school audits, administrator interviews, and EdTech privacy policy analysis. Findings covered by *USA Today*, *The Markup*, *EdSurge*, and others.
- Found that high school students are using generative AI with little institutional guidance and significant privacy risk; co-organized CHI 2026 international workshop on developmentally safe AI design for youth. Paper forthcoming at *ACM FAccT 2026* (leading AI accountability venue).
- Demonstrated that LLMs can automate privacy policy annotation at scale, reducing burden on regulators and advocates conducting compliance audits, with specific failure modes that require human oversight. Published in *PoPETs 2025*.

## POLICY & REGULATORY ENGAGEMENT

- **FTC Comment on COPPA** (Feb. 2024): Co-authored public comment on proposed Children's Online Privacy Protection Rule amendments (Docket FTC-2021-0019).
- **EDPB Comment on Dark Patterns** (May 2022): Co-authored public comment to the European Data Protection Board on dark patterns in social media.
- **Privacy Law Scholars Conference** (Washington DC, Spring 2024): Presented working paper on data trusts as a governance mechanism for K–12 student data.
- **Invited Talks**: Madison Security & Privacy Seminar (Winter 2025); Sony AI Ethical AI Seminar (Winter 2025).

## SELECTED PUBLICATIONS

- **Chanenson** et al. "Investigating ChatGPT Usage in High Schools: Student Perspectives on Policy and Practice." *To appear, ACM FAccT 2026.*
- **Chanenson** et al. "'It didn't feel right but I needed a job so desperately': Understanding People's Emotions and Help Needs During Scams." *ACM CHI 2026.*
