

# G. Jake Chanenson

[jchanen1@uchicago.edu](mailto:jchanen1@uchicago.edu) · [jakec007.github.io](https://github.com/jakec007) · University of Chicago, Chicago, IL

Research interests: children’s privacy · AI safety for youth · human-computer interaction · usable privacy & security · tech policy

## EDUCATION

### University of Chicago

Ph.D., Computer Science

Advisor: Marshini Chetty

Master of Legal Studies, Chicago Law

Emphasis: privacy, copyright, and administrative law

M.S., Computer Science

Thesis: Privacy Challenges in K–12 Schools

Chicago, IL

Expected Spring 2027

June 2024

June 2023

### Swarthmore College

B.A., Computer Science

Minors: Mathematics and Engineering

Swarthmore, PA

May 2021

## RESEARCH EXPERIENCE

### Research Intern, Google (Supervisor: Sunny Consolvo)

Fall 2024 – Winter 2025 & Spring 2025

Mixed-methods research on emotional responses and help-seeking during online scams; published at ACM CHI 2026.

### Lead Researcher: Children’s Privacy & AI Safety for Youth

Winter 2025 – Present

University of Chicago

Examining how children encounter generative AI in school and at home; co-organized CHI 2026 workshop on developmentally safe AI for youth.

### Lead Researcher: Contextual Integrity & LLMs

Winter 2023 – Summer 2025

University of Chicago

Investigated whether LLMs can automate GKC-CI privacy policy annotation; published in PoPETs 2025.

### Lead Researcher: K–12 Privacy & Security

Fall 2021 – Present

University of Chicago

Examined data privacy and security practices of U.S. K–12 schools with emphasis on marginalized populations; **CHI 2023 Best Paper Honorable Mention**.

## PUBLICATIONS

\* denotes equal contribution.

- 2 manuscripts currently under review.
- J. Chanenson**, T. Eschbach, M. Chetty. “Investigating ChatGPT Usage in High Schools: Student Perspectives on Policy and Practice.” *To appear at ACM FAccT 2026*.
- J. Chanenson**, T. Matthews, S. Consolvo, P. Kelley, J. McClearn, S. Meiklejohn, A. Roy, R. Shelby, K. Thomas, A. Hassoun. “‘It didn’t feel right but I needed a job so desperately’: Understanding People’s Emotions and Help Needs During Scams.” *ACM CHI 2026*.
- J. Chanenson\***, M. Pickering\*, N. Apthorpe. “Automating GKC-CI Privacy Policy Annotations with Large Language Models.” *Proceedings on Privacy Enhancing Technologies (PoPETs) 2025*.

2. **J. Chanenson**, M. Chetty, C. Crum, N. Feamster et al. Comment on Dark Patterns in Social Media. European Data Protection Board, May 2022.

## TEACHING

|                                                                                               |                   |
|-----------------------------------------------------------------------------------------------|-------------------|
| Instructor of Record, University of Chicago, CMSC 14100: Intro to CS I                        | Summer 2026       |
| Guest Lecturer, University of Chicago, CMSC 33210/1: Usable Security and Privacy              | Spring 2026       |
| Site Visit Instructor, Hyde Park Academy (IB Theory of Knowledge), online privacy & AI        | Winter 2026       |
| Site Visit Instructor, Emmett Till Elementary School, introductory AI for 4th graders         | Fall 2025         |
| CS Instructor, UChicago College Readiness & Access Program, human-centered design             | Summer 2022, 2023 |
| CS Mentor, UChicago College Readiness & Access Program, CS enrichment for 30 students         | Fall 2022         |
| CS Instructor, UChicago Office of Special Programs, Python programming                        | Spring 2022       |
| CS Instructor, UChicago GC Computational Skills Training, Python/NumPy/Pandas                 | Spring 2022       |
| Teaching Assistant, UChicago College Readiness & Access Program, How Your Home Internet Works | Summer 2022       |
| Guest Lecturer, University of Chicago, CMSC 20370: Inclusive Technology                       | Fall 2022         |

## STUDENT SUPERVISION

### *Master's Students*

Jessica Xu (Spring 2026–Present), Janice Hixon (Fall 2025–Present), Devi Mahajan (Fall 2025).

### *Undergraduate Students*

Andrea Zhou (Winter 2026–Present), Aviral Mehrotra (Winter 2026–Present), Madison Vanderbilt (Fall 2025–Present), Mandy Jiang (Winter 2025–Spring 2026), Quinn Thompson (Summer 2024–Winter 2026), Natalyah Cadiche (Summer 2025), Leo Sun (Spring–Fall 2023), Shayona Basu (Summer 2023), Ishaan Singh (Winter–Spring 2023), Andre Dang (Fall 2022–Spring 2023), Navaneeth Rajan (Spring 2022–Present), Jason Chee (Fall 2021–Spring 2023), Amy Morrill (Fall 2021–Spring 2022).

## SERVICE

### *Conference Service*
